

Universal Rewards Frequently Asked Questions

What do I have to do to enjoy Universal Rewards?

You don't have to do anything! Your account is automatically assigned to one of five categories - **Vista, Signature, Preferred, Premier, and Pinnacle** based on pre-determined criteria described in the Universal Rewards Benefits Chart on the inside of this brochure.

What balances are included in determining my account category?

All Universal 1 Credit Union accounts including savings, checking, certificates, IRA's, Money Market Accounts, and all loans including VISA® credit cards. To allow you to enjoy the most rewards possible, we consider all accounts residing in the same household in this combined balance.

How can my account move up a category?

By increasing your saving or loan balances, or by actively using a Universal 1 Credit Union checking account and VISA® credit card, and remaining a loyal member of our credit union.

How often could my account category change?

Monthly. Your account status is evaluated on the last day of each month.

How will I be notified of my account category?

Your statement will always show your current account category and your pending account category. If the pending is different than the current that means your account category is scheduled to change for the following month. If the pending account category is moving to a higher level, rewards will take effect immediately. If the pending account category indicates moving to a lower level, you will be given that month to improve your account status so you can enjoy the highest level of rewards possible. The VISTA account category does not move up or down until the account holder reaches their 26th birthday.

*You are a valued
member-owner of
Universal 1 Credit Union.*

*Universal Rewards
benefits all our members
as we continue to grow
and prosper, providing
state-of-the-art financial
services, new products
and services, and the
